Mrs. Wicks,
71 Brook Road,
MERSTHAM, Surrey.

Dear Mrs. Wicks,

The boys set off for Wales early this morning and I don't expect you will hear from them till you see them. They have arranged to ~~go~~ straight home on Friday evening. Mr. Disley will drop them at the most convenient point at about 9pm - so they will not be very early and they will probably be hungry!

If, as is quite possible, they are late starting back from Wales, Mr. Disley will telephone to me before 7pm and I will send you a message by telephone to say that they will spend the night at Ottershaw. But if you don't hear again - leave your front door unbolted and the larder unlocked on Friday evening.

Yours sincerely,

A. E. Foot.

HEADMASTER.
